

The special finish gives a feeling of exclusivity.

Roll Up Double

The banner is changed with the click of a button.

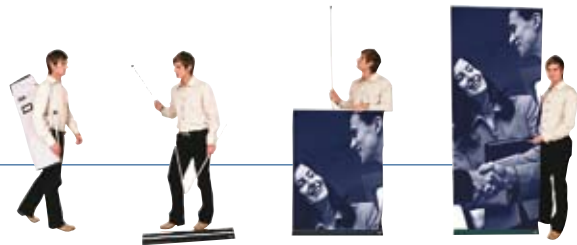

The stand can be adjusted to compensate for uneven floor surfaces.

DESIGN AND QUALITY BEYOND THE NORM

Sometimes you need to be ready for a presentation at a moment's notice and still be able to put across the message with a touch of exclusivity. Roll Up Professional is perfect, as it is the most exclusive banner system in its class. In less than a minute you have a ready-assembled display system where the design and quality are far beyond the norm. The banner, complete with your message, can be unrolled from the cassette quickly and simply. It can then be rolled back just as easily before moving on. As the banner is well protected during transport in the tastefully finished cassette it never becomes soiled or worn. Nor do you need any aids or extra accessories to change the message. Everything is done with the click of a button. The solid design keeps the system firmly in place.

ASSEMBLY TIME 30 seconds

Roll Up Professional is also available double-sided.

STANDARD PACKAGE

Roll Up Professional is a complete banner system. The package includes a cassette, supporting rod, panel strips, top section and bag. Roll Up Professional is available in silver or dark blue. (Banner not included)

ACCESSORIES

The system also has a special low-voltage spotlight, which distributes the light evenly across the whole banner. The spotlight, which is available in grey and black, is carried in a nylon bag, which can be attached to the standard case.
